Dear Mr Laurie

**Re: Petition 1671-11: Preserve the Alan Fletcher Research Station, Sherwood, as greenspace for community use**

Thank you for your letter of 8 September 2011.

The Queensland Government has committed to assessing the greenspace values of surplus State owned land when determining its potential future use. As such, the State Government will take into account and investigate potential greenspace values when making future decisions about the Alan Fletcher Research Station.

If the State was to put the property up for sale, Brisbane City Council would become the assessment manager for any future development applications on the site, and as such would be responsible for any greenspace requirements imposed.

I trust this information is of assistance.

Yours sincerely

**PAUL LUCAS MP**
