Dear Mr Laurie

I refer to a petition number 2183-13 lodged with the Legislative Assembly on 4 March 2014 about the Logan Road and Miles Platting Road intersection.

The Department of Transport and Main Roads (TMR) acknowledges the significance of this intersection.

I am advised TMR will undertake two projects to improve the intersection over the next 12 months.

The first project involves works to extend the right turning lane from Logan Road onto Padstow Road. These works are expected to be carried out in late 2014.

The second project involves constructing a bus link from Warrigal Road through to Logan Road at the Pacific Motorway intersection northbound off ramp in Eight Mile Plains. This will include:

- Construction of a two-lane, bus-only extension road from Warrigal Road through to Logan Road at the Pacific Motorway intersection northbound off ramp.
- Provision of bus stops, including indented bus bays and shelters on both sides of the link near the existing Bleasby Road townhouse community.
- Construction of a new service road from Logan Road to provide access for properties to the north of this new link.

Early works will commence in late 2014 and construction will take approximately 12 months to complete, weather and construction conditions permitting.

The Department of Transport and Main Roads will notify the community prior to works commencing.

Yours sincerely

Scott Emerson MP  
Minister for Transport and Main Roads
