

The Honourable Scott Emerson MP
Minister for Transport and Main Roads

Our ref: PET 11721

Your ref: 10.4 Petitions

02 DEC 2013

Mr Neil Laurie
The Clerk of the Parliament
Parliament House
George Street
Brisbane Qld 4000

Dear Mr Laurie

I refer to a petition number 2196-13 lodged with the Legislative Assembly by Mr Seath Holswich MP, Member for Pine Rivers on 20 November 2013 about trial route 669 bus service through Lawnton, Bray Park and Strathpine.

The Newman Government is committed to provide more frequent, reliable and more affordable public transport for the Moreton Bay region to strengthen key corridors between key activity centres and to reinvest into areas of the network with the greatest need.

I am pleased to advise that as part of the South-East Queensland Bus Network Review and following strong representations from the local MP, bus route 669 will become a permanent service for the growing residential area of Bray Park from 20 January 2014. Mr Holswich's constituents using route 669 will have access to additional weekday morning and evening services that will offer improved connections to train services at Lawnton station.

I encourage Mr Holswich's constituents to visit the TransLink website at www.translink.com.au or telephone 13 12 30 for more information on bus route services in order to plan their journey.

Yours sincerely

Scott Emerson MP
Minister for Transport and Main Roads
