Dear Mr Laurie *Heil*

I refer to a petition number 2311-14 lodged with the Legislative Assembly on 21 November 2014 about upgrades to Cleveland-Redland Bay Road.

The Department of Transport and Main Roads recognises as development takes place in Redlands there is a need to mitigate the impacts by progressively upgrading Cleveland-Redland Bay Road and other state-controlled roads and intersections in the area.

The department has undertaken a high-level review of the Redlands area to identify future development and the need for corridor widening. Following this review, specific planning studies will need to be undertaken.

Any further planning and construction will be subject to funding.

Yours sincerely

Scott Emerson MP
Minister for Transport and Main Roads
