Dear Mr Laurie *Neil,*

I refer to petition numbers 2866-18 and 2823-17 lodged with the Legislative Assembly by Mr Michael Crandon MP, Member for Coomera on 15 February 2018 about parking facilities at Ormeau rail station.

The Palaszczuk Government is committed to providing an integrated and efficient public transport network for Queensland. It is recognised that there is a high demand for park 'n' ride (PnR) facilities across South East Queensland.

When planning for PnR infrastructure, it is essential to prioritise investment where it will create a maximised positive impact. The Department of Transport and Main Roads (TMR) assess the likely impact that a potential PnR development would have on the existing transport network, economic development and future land use outcomes. TMR continually undertakes planning to determine the feasibility of future expansions at PnR sites across South East Queensland.

TMR will continue to monitor the growth and development in Ormeau and surrounding areas for consideration of further infrastructure upgrades.

I trust this information is of assistance.

Yours sincerely
