The Legislative Assembly met at 9:30am.

Mr Speaker (Hon. Curtis Pitt, Mulgrave) read prayers and took the chair.

Mr SPEAKER: Honourable members, I respectfully acknowledge that we are sitting today on the land of Aboriginal people and pay my respects to elders past and present. I thank them, as First Australians, for their careful custodianship of the land over countless generations. We are very fortunate in this country to have two of the world's oldest continuing living cultures in Aboriginal and Torres Strait Islander peoples whose lands, winds and waters we all now share.

COMMITTEES

ETHICS COMMITTEE

Mr POWELL (Glass House—LNP) (12:20): Sample speech.

To make your document look professionally produced, Word provides header, footer, cover page and text box designs that complement each other. For example, you can add a matching cover page, header and sidebar. Click Insert, then choose the elements you want from the different galleries.

Themes and styles also help to keep your document coordinated. When you click Design and choose a new Theme, the pictures, charts and SmartArt graphics change to match your new theme. When you apply styles, your headings change to match the new theme.

Save time in Word with new buttons that show up where you need them. To change the way a picture fits in your document, click it and a button for layout options appears next to it. When you work on a table, click where you want to add a row or a column, then click the plus sign.

Reading is easier, too, in the new Reading view. You can collapse parts of the document and focus on the text you want. If you need to stop reading before you reach the end, Word remembers where you finished – even on another device.
